

B. P. W. WILL BE KEPT VERY BUSY

If All the Resolutions Introduced by Aldermen Are Carried Out—Alderman Martin Wants B. P. W. to Report Back Action Taken on Resolutions Sent to It.

The aldermen, who have been enjoying their summer vacations, returned to their desks in the council chambers in the city hall Thursday evening refreshed and full of vigor and proceeded to introduce a number of resolutions for street repair work which will keep the board of public works busy for some time if the resolutions are all attended to, and according to the ones who introduced them, they all need immediate attention.

In order that the aldermen may know what action is taken by the board of public works on the resolutions Alderman Martin of the Twelfth ward introduced another resolution calling for the board of public works to report back to the council the action taken on the various resolutions sent it hereafter. The other aldermen approved the resolution, and adopted it unanimously.

Some Street Work.
Alderman Kullmann of the Eighth ward started the ball rolling by introducing a resolution requesting the board of public works to give the catch basin on Montrose avenue, near West Chestnut street attention.

He said that he believed the sewer was too small to carry off the storm water, but probably the board could do something to eliminate the damage caused to the street every time there was a heavy rain. Referred to the B. P. W.

Alderman Parish. That Chambers street between Stuyvesant street and Newkirk avenue be made passable to the street every time there was a heavy rain. Referred to B. P. W.

Alderman Macholdie. That Hoffman street from the Manhattan street to Broadway be repaved. To public works board.

Alderman Lemister. That holes be filled in First Second and Third avenues to B. P. W.

Alderman Macholdie. That a light be placed on Main avenue between Bedford street and Sanitarium and O'Reilly street to B. P. W.

More Work for Street Force.
Alderman Kitchner. That board of public works repair the railing on Abel street as it is in dangerous condition. Referred to that board.

Alderman Myers. That street superintendent fill holes in Wall street between St. James street and the Wallkill Valley tracks. Referred to B. P. W.

Alderman Myers. That street superintendent fill holes in Fair street between Franklin street and Greenkill avenue. Referred to B. P. W.

Alderman Myers. That street superintendent repair Greenkill avenue between Clinton avenue and 5th Wall street.

Alderman Martin. That incandescent light be placed in front of

property of James Ellsworth on Fairview avenue. To B. P. W.

The Tannery Brook.

Alderman Martin. That street superintendent (city engineer) and board of health make an inspection of the Tannery Brook to see if it could not be piped and the danger of an epidemic from that source be overcome. The alderman in explaining the resolution said that the wall in several places had fallen down along the brook and it would be considerable to make repairs. He believed that the brook could be piped to carry off stagnant water and dip away with the offensive odor. President Dittus referred the resolution to the ones mentioned.

Alderman Martin. That street superintendent repair brick pavement at Washington avenue and

North Front street. To B. P. W.

Alderman Martin. That incandescent light be placed near 183 Pearl street. To B. P. W.

FIFTH BINNEWATER

Fifth Binnewater, July 15—Alfred Dietz and family of Poughkeepsie were guests of Mr. and Mrs. Lewis Lasher of Fourth Binnewater over the Fourth.

Miss Vera Eselby of Kingston spent the week end with her grandparents here.

Mr. and Mrs. William McLaughlin and son, Donald, Mr. and Mrs. Fred Eselby and family and Mr. and Mrs. Bert Pine and family spent the Fourth with Mr. and Mrs. William Eselby.

Miss Ruth Zboray of Poughkeepsie spent a few days including the

Fourth, as the guest of the Misses Ulrica and Lugarda Freer.

The Misses Delores and Katherine Mulvihill spent a few days the past week with relatives here.

Mrs. Frank Straub and son, Gilbert, spent Friday in Kingston.

Reenie Signor, who is employed at Mohonk spent the week end with her parents, Mr. and Mrs. William Signor, here.

Jerry Yeaple spent Sunday in town.

Herbert, Harry and Edward Hinkley and some boy friends of Kingston motored through town Sunday.

Mr. and Mrs. Myron Freer are spending a few days with their daughter, Mrs. Floyd Dietz. Mr. Freer is recuperating from broken ribs.

Mrs. Elias Caator and daughter,

Christina, spent Friday in Kingston.

Miss Dorothy Johnston, who attended school near Albany, has returned home for her vacation.

Miss Mildred Connor is spending a few days with her grandparents, Mr. and Mrs. William Connor, here.

A large number of campers spent the Fourth around our lake.

Mrs. William Eselby celebrated her 74th birthday on Thursday, July 8. She came here from England about 40 years ago and has always enjoyed very good health. A chicken dinner was served. Among those who were present were her son, Fred Eselby, of Torrington, Conn., daughter, Mrs. William McLaughlin of Torrington and daughter, Mrs. Bert Pine of Kingston. They are all the children she has left of nine and she is cheerful and very spry for her age, doing all her own work with no help.

Mr. and Mrs. Charles Quick are receiving congratulations over the arrival of a baby boy.

Talking of nice fish! Floyd Dietz broke the record one day last week when he caught a pike perch 23 inches long, 13 inches around below the gills, which weight 5 1/2 pounds. There must be a few big ones in the lake when one is caught that large.

Mrs. Pearl Robinson and daughter, Winifred, of Thompsonville, Conn., spent several days with Mr. and Mrs. Jacob Freer, leaving for home Monday afternoon.

Her many friends wish her a long life of health.

Mr. and Mrs. McDonough, Mr. Shaw and lady friend of Kingston motored here Sunday. The ladies enjoyed themselves with magazines while the men had a couple hours fishing in the lake.

Mr. and Mrs. Charles Quick are receiving congratulations over the arrival of a baby boy.

Talking of nice fish! Floyd Dietz broke the record one day last week when he caught a pike perch 23 inches long, 13 inches around below the gills, which weight 5 1/2 pounds. There must be a few big ones in the lake when one is caught that large.

(Conducted by National Council of the Boy Scouts of America.)

SEA SCOUTS DO GOOD TURNS

Sea scouts, as well as their land brothers, thoroughly believe in the good turn daily; and examples in work peculiar to the water are not uncommon. When breaking camp at Larchmont, N. Y., the "Curlew" expedition wanted to show their appreciation of the courtesy of the Larchmont Yacht club, so all hands tumbled up unusually early and gave the broad piazzas a cleaning that made the old caretaker say: "Well, now, I ain't seen that done so well for years!"

Wilkesburg, Pa., sea scouts of the schooner "Pennsylvania" are planning to maintain a "beach patrol" of the summer resort beaches during the coming summer. Sea scouts will constantly be on patrol to see that no drownings occur off their strip of beach and to act as instructors in swimming and watermanship.

The B. S. A. sloop "Emex" of South Orange, N. J., sent details of sea scouts to New York city to help the National Marine league in its exhibit at the Grand Central palace.

Sea scouts of Philadelphia, Pa., noticed the soldiers playing indoor quoits with rope rings joined together with wooden bands. "We can do better than that," quoth the sea scouts, and promptly made up a large number of smooth rope grommets, which made a much better ring than the purchased article.

BRONZE MEDAL FOR BOY SCOUT.

A bronze honor medal has been awarded Scout Raymond S. Brinkman of Alplaus, N. Y., by the National Court of Honor of the Boy Scouts of America for his act of saving the life of Jeanette Rosenstock.

This is one of the highest awards which any scout can receive for life saving. Scout Brinkman is the first scout under the Schenectady boy scout council to receive this honor.

Mrs. Rosenstock was rescued by the scout when she was skating on the Mohawk river near her home at Alplaus. She fell through the ice into about 20 feet of water, and although she was able to keep her head above the water she was rapidly sinking, owing to the heavy woolen clothing she had on. Through the prompt action of Scout Brinkman the girl was rescued and taken to her home.

EPISCOPALIANS LAUD SCOUTS

A resolution certifying to the benefits of boy scout training was adopted by the house of deputies of the Episcopal convention at Detroit, as follows:

"Resolved, the house of bishops concurring that this convention expresses its approval and appreciation and thanks for the trustworthiness, courteous and reverent service of the boy scouts who have volunteered from the Detroit council, Boy Scouts of America, to render as a good turn their valuable assistance as pages in both houses of this convention.

"And be it further resolved, the house of bishops concurring, that the general convention commends the Boy Scouts of America as an effective agency in welfare work among boys."

SCOUTS CANVASS FOR COAL.

In the midst of the coldest weather in 30 years Butte, Mont., was virtually without coal. In addition thousands were out of work as a result of industrial shut downs due to the coal shortage and many families were in want. For several days the poorer families of the city had been supplied with fuel by destruction of old wooden buildings, dating back to Butte's early days but this source became exhausted. Boy scouts, in a canvass of the city obtained 600 pounds of coal, which was distributed in small lots where most needed.

URGES SCOUTS TO BE AVIATORS.

The boy scouts of New England are urged to take instruction in flying by Col. L. H. Freeman, air service officer at army headquarters, who, in speaking of the boy scouts and their future work, points to the necessity of a mechanical training as one of their strongest assets.

"I have been asked to speak before the boy scouts, and, in every instance, I have urged upon them the necessity of knowing machines, especially the airplane," said the colonel.

THE BOY SCOUTS' BUSY LIFE.

Boy Scout Troop No. 1 of Colchester, Conn., helped the town to keep the public square clean. The troop has taken during the past year 114 street sweepings. They have also swept and mowed the town square.

Warren, Pa., Scout Troop No. 6 has sent to National Council headquarters for use in some special way in connection with extension of the boy scout movement a \$20 Liberty bond purchased with money earned by the troop.

Charles West is the Scoutmaster. He was the first scout to the country, and after going with his uncle to find the scout in the town, he was sent to the house, shouting: "Oh, Scoutmaster, come quick! Uncle Jim has a whole crowd in his barn, and he is going to feed the outcasts."

AT THE THEATERS.

"Why Change Your Wife" Greatest
Picture of Year.

New Cecil B. DeMille asks "Why
Change Your Wife" His former
picture, "Don't Change Your Hus-
band," treated matrimony from the
wife's point of view; this is from the
husband's. The cast included Thomas
Meighan as the husband, Gloria
Swanson as the wife he changed and

Bebe Daniels as the other woman.
It's showing at Keeney's again to-
night and tomorrow. Thousands saw
it yesterday and are prating it to all
their acquaintances. You want to
see it.

Earle Williams at the Auditorium
tonight in "The Black Gate" offers
an exciting photoplay filled with
thrills and an exceptional good de-
fective story. Tomorrow Edith Rob-
erts in "Allan Mias Dodds" and Vil-
lian Duncan in "The Silent Avenger."

Nujol

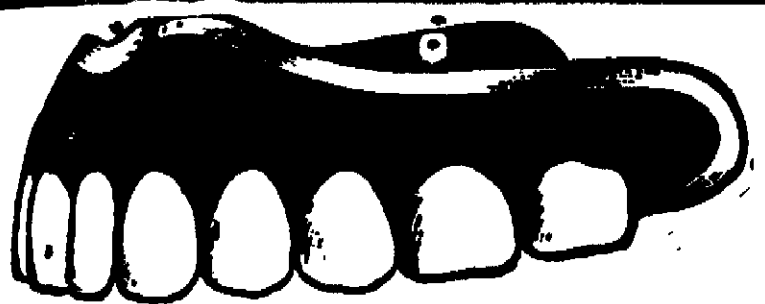

For Constipation

—the Modern Method of Treating an old Complaint

Nujol works on an entirely new principle. Without forcing or irritating, it softens the food waste. This enables the many tiny muscles in the intestines, contracting and expanding in their normal way, to squeeze the food waste along and out of the system.

It is absolutely harmless and pleasant to take. Try it.

Time dispels
our old illusions—

COFFEE

comes into its own

Gradually our old "bugaboos" pass away. Who today can realize that the telephone was first received with jibes and jeers? It was called a "plurishing."

Even coffee—the rarest of Nature's gifts—is sometimes assailed by people of super-sensitive nerves and over-wrought digestions.

Truth is—the use of coffee brings the greatest good to the greatest number. Coffee makes normal people more normal. Coffee makes healthy people more healthy.

It is noted for its large coffee production. Its people are coffee drinkers—yet uniformly robust and healthy.

Coffee is now, and ever will be the world's popular beverage. Drink good pure, wholesome coffee. Get the goodness of the genuine taste. There is no substitute.

CITY TO HAVE OFFICIAL FLAG

Aldermen Approve Judge Clearwater's Suggestion for Design of Flag—To be of Three Stripes Colored Red, White and Blue, With Eagle.

Kingston now will have an official flag for the aldermen in regular monthly session Thursday evening unanimously adopted an ordinance which provided for it. The official flag consists of three perpendicular stripes in colors of red, white and blue respectively, and of equal width, with a golden eagle emblazoned upon the central one of white with outspread wings, and holding a palm branch in its talons. This is the design for the flag suggested by Judge Clearwater, the city historian.

At the council session Mayor Canfield sent in a communication calling attention to the fact that some time ago he had taken up the matter of the city having an official flag with Judge Clearwater and the judge was heartily in favor of the proposed plan, and submitted a design for the flag. The mayor also submitted a proposed flag ordinance and recommended that the matter of a flag be referred to a committee to have it properly designed, and to have the interest of the city protected. Also to have one flag made for use on the city hall flag pole, one for the council chambers and one for a staff.

Alderman Higgins introduced the proposed flag ordinance, which was adopted, and which reads as follows: The common council of the city of Kingston in pursuance of the powers granted by the charter of the city and by the general laws of the state applicable thereto, do ordain as follows:

Section One.—The official flag of the city of Kingston shall consist of a flag of three perpendicular stripes in colors of red, white and blue respectively, and of equal width, with a golden eagle emblazoned upon the central one of white with outspread wings, and holding a palm branch in its talons.

Section Two.—That the same be predicated upon the following reasons:

1st. After the incorporation of Kingston as a village its trustees in 1897, adopted a seal circular in form. Upon the riband of the circle was the legend "Village of Kingston." In its center was a golden eagle with outspread wings, grasping a palm branch, and standing in the rays of the rising sun. Beneath the eagle was the date 1897.

2nd. The colors of the stripes are those of the American flag.

3rd. The eagle emphatically is an American emblem.

4th. The palm branch is symbolical of victory and loftiness of ideal.

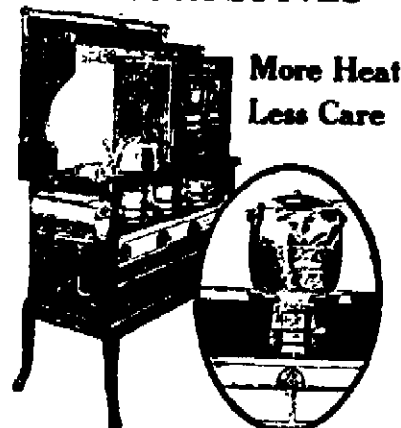

5th. The golden eagle with outspread wings and the palm branch are the ancient emblems of Kingston's ambition.

6th. The combination of colors are harmonious.

7th. It is emblematical, historical, beautiful and decorative.

Section Three.—That the ordinance be published at least twice in each of the official papers of the city, and take effect immediately after the publication thereof.

FLORENCE OIL COOK STOVES

More Heat
Less Care

BEFORE you decide on your next cook stove, call and see the Florence. Its use means more heat and less care. Cooks, bakes, and roasts all at one time, and economically. Burns kerosene.

Saturday Half - Holiday

We desire to thank our patrons and friends for their hearty co-operation in responding to our first SATURDAY Half Holiday SALE. We have been complimented on all sides, from our regular patrons, as well as tourists from all over the state, for our stand in this progressive summer movement. Manufacturers are also supporting us by sacrificing profit, that we may offer to you values that under regular or ordinary conditions we could not sell at the prices. Our employees are very grateful for your response, and assure you of their best effort to please and serve you with merchandise that bears the standard of quality.

THE BIG SPECIAL FOR FRIDAY AND SATURDAY MORNING SELLING

"TURKISH BATH TOWELS"

The big sale of the day will be this wonderful lot of fine Turkish towels, four different sizes, with colored and monogram borders. These towels are perfect in manufacture, but have slightly faded spots from the machinery which does not in the least affect their wearing qualities, as it is almost impossible to buy these Turkish towels without a spot occasionally. They come direct to us from the manufacturers who sell us all our regular and holiday towels, who agreed to sell us this assortment, that you might benefit. They are fine for house use, and are offered at a time when bath towels are in demand and at a big saving.

MOTHER!

"California Syrup of Figs"
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Rheumatism, Neuralgia, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Drugists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacture Monoc-acetic-acid of Salicylic acid.

Kills Pesky Bed Bugs P. D. Q.

Just think, a tin box of P. D. Q. (Pest Destroyer Quinine) makes a quart, enough to kill a million bedbugs, roaches, fleas, crickets and other future generations by killing the eggs and does not injure the clothing.

Letting fire to the bedbugs is what P. D. Q. is like. bedbugs stand as good chance as a snowball in a justly famed heat wave. Patent about free in every package of P. D. Q. to enable you to kill them and their eggs nests in the cracks.

Look for the devil's head on every box then you'll have what Hospital have found to be the best insecticide known. Special Hospital size \$2.50 makes five gallons—contains 3 spoons—either use at your drugist or sent prepaid upon receipt of price by the Owl Chemical Co., Terre Haute, Ind. Genuine P. D. Q. is never peddled.

Sold by W. S. Eltinge.

BUS LINES MUST USE TERMINALS

Alderman Direct Police Department to See That Auto Bus Lines Stop at Terminals Instead of Busy Street Corners—The Bus Petition Granted, Another Tabled.

The aldermen at the regular monthly session Thursday evening granted the petition of George A. Lotz and William Graham of Saugerties to run a bus line from Saugerties through Glasco to Kingston, but the application of Frank Ferraro of Glasco was laid over until later, no time being fixed. The Saugerties men were represented by Attorney Grant M. Brinnier, but neither Ferraro nor his attorney were present at the hearing. Ferraro wants to run a bus line from Glasco to Kingston. Alderman Martin, who voted against laying the Ferraro petition on the table on the grounds that the more competition there was the better service would be given, introduced a resolution that unless all of the autobus lines stop and leave from the bus terminals the chief of police enforce the conditions under which a permit was granted the bus lines to use the city streets, and on the failure of the bus lines to comply that the matter be reported to the corporation counsel and he take the necessary steps to have the license revoked.

The resolution was adopted unanimously. Alderman Warren said that it had been called to his attention that at least one autobus line was running to Kingston Point and picking up passengers and that certainly was a long way from the terminals.

Mayor Canfield said that Chief Wood would see the rules were enforced if he was furnished with a list of the bus lines and the streets over which they are allowed to operate.

"Fly By Night Concerns." Alderman Martin introduced a resolution that the laws and rules committee consider the ordinance regarding the licensing of "fly by night" merchants, and raise the license fee. He said that several had already visited Kingston, advertising bargains and had left with a large amount of city cash. He believed if a fee of \$500 was fixed those "fly by night" concerns would steer clear of Kingston.

To give the matter thought the Martin resolution was referred to the laws and rules committee.

Cherry Dimples Tonight. A cherry dimpling supper will be given at St. Mark's A. M. E. Church, Foxhall avenue, this evening at 6 o'clock. The supper is under the auspices of the carpet committee. The seventy-second anniversary of the church begins September 24, and the rally for this begins Sunday.

"KEEPING IT" CAMPAIGN

Landed by House Bureau and State Department of Health.

How to "keep well" or "keep fit" is to be the subject taken up at a large number of meetings in Ulster county during the week of July 19-24. These meetings are a part of the health and home nursing program of the Ulster County Home Bureau and are carried on with the cooperation of the state department of health.

Dr. Carlo C. Croft, an eminent physician and a noted lecturer on the staff of the state department of health at Albany, will be in the county for the entire week taking up this vitally important subject of "Keeping Fit" or "Keeping Well." In the course of these lectures the subject of the health of the future will also be emphasized.

The Home Bureau has been especially fortunate in being able to arrange for Dr. Croft for these lectures, as her lectures on this subject have interested thousands of women throughout the state. Every woman and all girls over 16 are cordially invited and urged to attend these meetings.

In all at least twelve communities will be visited during the week by Dr. Croft and Miss Stuart, the Home Bureau manager. The arrangements have been made for the following places:

Tuesday evening, July 20, West

Hurley, M. E. Church 8 P. M. room. Wednesday afternoon, July 21, High Falls, Reformed Church chapel. Wednesday evening, July 21, Accord, Methodist Church Hall. Thursday afternoon, July 22, New Paltz, Grange Hall. Friday afternoon, July 23, New Hurley, school house. Saturday afternoon, July 24, Stone Ridge, Grange Hall.

Plans are also under way for meetings in Rosendale, Gardiner and Modena. Watch the papers for the time and places for these meetings.

The Car Backed Down Hill. Thursday afternoon while Grant Tibbels, who has a garage and repair shop on Broadway opposite Rogers street, was testing out an automobile, the crank shaft broke while on the way up the Broadway hill, and unable to stop the car with the brakes, it started to back down the hill. The car shot into the curb and up over the sidewalk into the lawn of the Webster residence, corner Broadway and Stuyvesant street, and landed against the stone foundation of the residence. Mr. Tibbels escaped injury by jumping from the car. The house was not damaged.

Flour From Many Products. Chinese millers make flours out of wheat, barley, oats, rye, buckwheat, chestnuts, millet, potato, peanuts, peas, beans, lentils, pulse, rice, almonds and fifty other vegetable substances.

Coffee Drinkers Sometimes feel a twinge of dissatisfaction.

A Word About MORAN BUSINESS SCHOOL

One of KINGSTON'S Permanent Institutions

In fulfillment of the original plans of the late John J. Moran, the Moran Business School, Burgevis Building, of which he was the founder, will continue permanently its work of training young people for business careers.

The school will be conducted by Joseph J. Morgan, a nephew, who has been identified with the school since its inception, and who, with Mr. Moran, has had an equal share in the management for the last four years.

Mr. Morgan will be assisted by Miss Catherine M. Morgan, Miss Lizzie M. Doty, and Miss Helen L. Morgan, members of the faculty, who will conduct their respective departments with the same efficiency that has marked their efforts in the past.

The Moran Business Service Bureau will continue to supply capable bookkeepers, stenographers, and office assistants to business and professional men, whose generous co-operation has been a potent factor in the remarkable growth of the school during the last six years.

In short, it will be the constant purpose of the managers and teachers of the Moran Business School to so conduct its affairs as to deserve the continued confidence and patronage of the people of Kingston and surrounding country, and to perpetuate the good name of the school, thus doing honor to the memory of its beloved founder.

—JOHN J. MORAN.

IPSWICH SERIES HOSIERY for Good Value

A Hosiery
Success
Since 1822

Ipswich Hosiery is knit to meet the needs of human feet. It is purchased by people in more walks of life than any other hosiery on the market.

Good value is responsible for this leadership. Ipswich was good value in 1822; it is good value today.

Look for the Ipswich Trade Mark when you buy hosiery. It assures stockings of scientifically correct sizes and the utmost skill in every detail of knitting and finishing.

The best of cotton, mercerized, hale and fibre silk yarns go into this moderate price hosiery that is famous for its good looks, comfort, and long-wearing qualities.

IPSWICH MILLS, Ipswich, Mass.

MAYOR REPORTS ON CONFERENCE

Mayor Canfield Submitted a Report in Relation to Annual Mayors' Conference at Jamestown to Common Council Thursday. And Report is Filed.

Mayor Canfield, who, with Alderman Dittus, and Commissioner Sam Watts of the board of public works, has just returned from the mayors' conference held at Jamestown submitted a report on the conference at the monthly session of the common council Thursday evening. The report was adopted, and reads as follows:

The Honorable, the Common Council of the City of Kingston, Gentlemen—

I desire to report in relation to the annual conference of the mayors and city officials of the state held at Jamestown last week. It was the eleventh annual meeting and each succeeding year the conference has increased in importance. The city was represented by President Dittus and myself coming under the jurisdiction of the council and also by Samuel M. Watts, ex-president of the council.

Many municipal subjects were discussed, and some of them were of particular interest to our city. Amongst other subjects given consideration were that of central purchasing by cities, the zoning of cities, municipal bonding, pension problems, budgets, interest payments, assessments and equalization, tax limitations, the educational financial and administrative problems, reduction of juvenile delinquency by community effort.

While this is the eleventh annual conference, the bureau has been in operation for five years, having been the first of its kind in the world. Each year its work and its service to the cities have increased tremendously. During the past year the municipal officials of the state received 4,280 reports from the bureau as against 3,015 during the previous year. The bureau

sent out 26,780 letters and pamphlets to obtain the necessary data for these reports. During the year the bureau researched 103 new general municipal problems and compiled the data and revised and kept up to date the hundreds of previous reports. The bureau maintains its office in Albany. It eliminates duplication of work in gathering and distributing municipal information. It procures all data requested by any city or municipal official, and compiles it, and if it is of general interest to the cities it is sent to each city. It does it in an efficient, accurate, systematic manner, and keeps the cities reliably informed as to the municipal affairs of the various cities of the state. The reports and data given out covers the cost of the various departments of the cities, departmental management, salaries of the employees in the cities, engineering and construction problems, assessments and tax collection methods, analysis of the expenditures and budgets of the cities, bonded indebtedness of cities, and other phases of city government.

The bureau is of great importance to the cities in connection with legislation. Each year it has rendered valuable service to the cities in opposing measures which would be inimical to the cities and in promoting legislation for the benefit and welfare of the cities. During the last session of the legislature the bureau studied every city bill or any bill which might directly or indirectly affect the cities. It took action on 174 bills. Of these, twenty-three of forty-nine bills it approved were passed, and only four of the sixty-six it opposed became law. The bureau, through its effective legislative work, has saved many thousands of dollars for each city.

I had the privilege of being a member of the committee that organized the bureau. I have been one of the five mayors to constitute the bureau council since its organization and was elected the chairman of the council this year. It would not be possible to give even a synopsis of the addresses and discussions of the various municipal subjects considered.

Commissioner Walsh, chairman of the state tax commission recommended that all taxable property in every city in the state be

assessed at its full valuation and that all machinery necessary to the full accomplishment of that end be provided and used. He called attention to the fact that the income tax is distributed to the cities and towns in accordance with their respective total assessments and that only those municipalities where assessments are one hundred per cent receive their full share of such tax.

Special counsel, Luther H. Gulick, of the special joint committee on taxation and retrenchment of the state legislature, discussed the budget problem and declared the budget to be the most important document of any city, and he outlined several ways in which it might be made up and lived up to by cities.

City Manager Bingham of Watertown told of the plan carried out in that city in relation to city purchases by one person. He showed how there was abundant proof on record in some of the cities of the payment by one department of from 33 to 100 per cent more for the same goods than by another department. He advocated the purchasing of all municipal supplies in the cities by one central office as the only remedy. He also claimed that in his city and other cities where it has been adopted, central purchasing has eliminated waste, secured lower prices, reduced city expenditures and saved the taxpayers money.

The question of zoning was ably discussed by Herbert S. Swan who is secretary of the zoning commit-

tee of New York city. He emphasized that the time to zone our cities is now. Every year that is allowed to lapse without the adoption of zoning means that much less zoning in the end, mounting prices make it increasingly necessary to conserve the value of all buildings from premature and avoidable depreciation. The erection of a factory or a public garage on a nice, quiet residential street may spoil it. Zoning expresses the idea of orderliness in community development. Just as we have a place for everything in a well-ordered home, so we should have a place for everything in a well-ordered city. The whole purpose of zoning is to encourage the erection of the right building in the right place. It protects the person who develops his property along proper lines against the person who develops his property along improper lines. Rightly understood, zoning means the substitution of an economical, scientific, efficient community program of city building for wasteful, inefficient, haphazard growth.

Each and every subject was ably discussed and was enlightening to all privileged to hear it.

I regret that all of you did not have the opportunity of attending the conference. I desire to express my appreciation in which President Dittus joins, for your action in authorizing us to attend.

Respectfully,
PALMER CANFIELD, JR., Mayor

FRECKLES

Now is the Time to Get Rid of Those Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

"Women are the supreme purveyors to the eye by virtue of their superior grace, beauty and interest in line and color."

—ARNOLD BENNETT

WE try to avoid the commonplace in apparel.

We do not have dozens of one style.

We do not feature a frock simply because it is cheap, if price is its only virtue.

We endeavor to provide only fashions that are smart, exclusive, correct.

And what is probably more important—

we price our garments so that women of limited income may dress attractively and in good taste.

JUDGE CLEARWATER ON COMMITTEE

Is Assigned Question of Pleading in Phraseology in Language Conveying Precise Meaning.

The convention created by the last legislature to prepare rules under the new code of civil practice in the courts of this state, appointed the following committee to formulate those rules:

Judge Alfred R. Page of the appellate division of the first department.

Judge Harrington R. Putnam, of the appellate division of the second department.

Judge Benedict of Brooklyn. Judge Marcus of Buffalo. Judge Clearwater of Kingston. Attorney General Newton of Albany.

Senator Edgar T. Brackett of Saratoga.

Senator Henry L. Walters of Syracuse.

Senator James A. Foley of New York.

Judge Collin of New York.

The committee met at the court room of the appellate division, Madison avenue and 23rd street, New York city and divided the work by allotting it to various members. To Judge Clearwater it assigned the whole question of pleadings, and the practice regarding them. In doing so, the chairman said "the most important branch of this procedural reform relates to pleadings. This we have assigned to Judge Clearwater because of his felicitous facility in phrasing ideas in language conveying the precise shade of meaning to enable courts accurately to determine the intent of the language used. We announce our determination in a form to which we believe the judge himself will be unable to except." The committee will meet at Saratoga next week to consider the reports of its several members and to prepare its own report to the convention.

Home Scissors Sharpener.

By accident one day a certain housewife discovered that cutting sandpaper sharpened her scissors. Now she does not have to wait for the scissors grinder to come around, for she always keeps a sheet of sandpaper in her machine drawer to sharpen her scissors with.

Political Wisdom.

The conduct of a wise politician is ever suited to the present posture of affairs. Often by foregoing a part he saves the whole, and by yielding in a small matter secures a greater. —Plutarch.

MISS PAGE SPEAKS

Tonight at the Dr. C. G. Sahler Summer School.

This evening Miss Villa Faulkner Page will lecture at the Dr. C. G. Sahler summer school. The subject will be "How to Develop the Power to Meditate." On Saturday at 11 o'clock Miss Page will give her last class lesson, the subject being "Why Our Demonstrations are Delayed." On Saturday evening at 8, there will be a community sing and entertainment—the one postponed from Wednesday because of the rain.

Miss Nell Beatrice Duff will conduct the community singing and render some songs herself. Miss Edith Griffin will give some dramatic readings and the Misses Heen and Angela Cushman will appear in interpretive dances.

TRIED TO CARRY LIVE BEAR HOME

George M. Eggleston of Ulster Park writes the New York Sun-Herald about his grandfather's brother, Erasmus Eggleston, who was a giant in strength. The letter reads as follows:

To the Sun and New York Herald: In looking over some old records I have come across another good story about the giants of former days in New York state. It is about the same man of whom I wrote you recently.

He was my grandfather's brother, Erasmus Eggleston was his name, and he was a giant in strength. He caught a live bear weighing 200 pounds, threw him over his shoulder and started off with him on his back to carry him home.

Naturally the bear clawed at him and finally tore a piece out of his neck. This made him mad and he swung the bear in the air and threw the animal to the ground with such force that he killed him.
GEORGE M. EGGLESTON.
Ulster Park, July 15.

NOTICE TO CREDITORS—In pursuance of an order of Hon. Walter N. Gill, Esq., judge of Ulster County, notice is hereby given, according to law, to all persons having claims against Jonathan Van Alen, deceased, testate, to present same with the vouchers in support thereof to the undersigned Mary E. Van Alen, executrix of the estate of said deceased, her residence, Port Jervis, Ulster County, New York, on or before the 18th day of November 1920.

An Opportunity

We have made big reductions in the prices of all our Black Kid, Calf, Patent Leather, Brown Kid and Cordovan Calf Pumps, Oxfords and Ties.

With two months of summer left, this gives the ladies of Kingston an opportunity to buy summer shoes at very attractive prices. Prices that will not be duplicated in the fall and perhaps not next summer.

These shoes have been made for us by factories producing nothing but fine shoes—fine fitting shoes and shoes of fine quality—and as the widths we have, run from A to E, although not all widths in all styles, we are in a position to fit perfectly, which is not the usual case in bargain shoes.

These reduced prices are not an indication of cheaper shoes, nor a sign of excessive profits, but on account of late deliveries and a backward season, we have an unusually long line of summer shoes that we want to dispose of this season so as to have a brand new stock when the next season arrives. We believe in selling them now and not when the summer is almost gone. Our line now starts at \$2.50.

MILK HEARING NEXT THURSDAY

Commissioner Porter of the state department of foods and markets, will hold a public hearing in connection with the milk situation in this city, Tuesday morning, July 20, at 11 o'clock at the court house. All those interested are invited to attend the hearing.

EARTHQUAKE AT LOS ANGELES

By Telegraph to The Freeman.
Los Angeles, Calif., July 16.—A severe earthquake shook Los Angeles this morning at 10:08.

The tremor, which was the hardest shock felt here in years, according to those who felt it, came like the sharp jar of a terrific explosion.

Buildings were shaken and jarred from foundations to roofs.

Thousands of people in the downtown sky scrapers dashed to the elevators and stairs and poured into the streets.

For a moment the city was in confusion but realization that no damage was done and that danger was past restored order.

Orizaba Had Wet Spot.
By Telegraph to The Freeman.

New York, July 16.—James Sherman, supervising prohibition enforcement agent, today began an investigation of the alleged sale of intoxicating drinks on the Ward Line Orizaba which was transformed into a "grand stand" for the yacht race yesterday. The Orizaba carried 500 persons and upon her return from the race many of them bore indisputable evidence that the bar room had been doing business. It is said that the Orizaba was not outside the three mile limit. The case may bring about a decision from Washington as to the legality of liquor sales at any time or place on a ship flying the United States flag.

Martial Law In Galveston.
By Telegraph to The Freeman.

Galveston, Texas, July 16.—The state military authorities today took complete control of this city under the declaration of martial law, which resulted from the dock workers strike. The various city departments were taken over by the militiamen. Brigadier-General Walters said that he was acting under orders from Governor Hobby, which were issued yesterday. The civil authorities were ordered not to attempt to interfere with the state authorities in their enforcement of the laws.

Narrow Escape at Ellenville.
By Telegraph to The Freeman.

Ellenville, July 16.—A Ford car from Cantonville came up Canal street Tuesday evening at a fast clip and in trying to make the turn at Main street in front of an on coming touring car hit the curb and stopped in front of the big car, whose chauffeur stopped his car about the time the Ford car hit the curb thus saving nine people from injury. The trouble maker was ugly and aggressive but was soon persuaded by on-lookers to keep quiet or submit to arrest for driving as he did.

Christian Endeavor Election.
By Telegraph to The Freeman.

Rochester, N. Y., July 16.—At the concluding session of the New York State Christian Endeavor Union here today, New York city was selected as the place for the 1921 convention, which, it was announced, will be held in conjunction with the sixth world congress from July 6 to 11. Among the officers elected was the intermediate superintendent, Rev. George H. Scofield, Highland.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, July 16.—The stock market was dull and irregular at the opening today, with prices in general showing a tendency to lower levels. Steel Common dropped 1/4 to 8 1/4. Crucible dropped 1/4 to 14 1/4 and American Locomotive 1 point to 86 1/2. Baldwin Locomotive, after yielding to 116 1/4, rose to 117 1/4. American Petroleum rose 1 point to 190 1/4 and then dropped to 189. The railway share after losses at the start, showed a rallying tendency. Reading yielded 1/4 to 88 1/4, but quickly recovered this loss. Canadian Pacific after selling off to 119 1/4, rose to 120. United States Rubber was again active and after dropping to 91 1/2, rose 1 point. Stromberg Carb advanced 1 1/2 to 81 1/4 and American Woolen nearly 1 point to 86 1/4.

The market showed an irregular tone during the first hour, but buying reacted in the late forenoon on the announcement of an opening rate of 5 per cent for call money. Dealings were on an extremely small scale.

The market was a very dull and weak affair for the greater part of the afternoon, but strengthened slightly after 2 o'clock.

The market closed strong; government bonds unchanged; railway and other bonds steady.

POULTRY FACTS

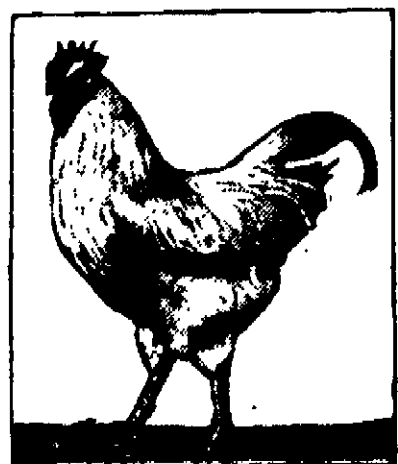

TWO BREEDS IN SAME FLOCK

Crossing is Prevented by Keeping Male of One Breed One Year and Another the Next.

(Prepared by the United States Department of Agriculture.)

While keeping two distinct breeds of poultry in one yard without mixing the breeds seems difficult, it can be accomplished easily and with satisfactory results, as shown by the account of an experience just received from a New England poultry raiser. One of the kinds kept is a so-called egg breed, the other being a general-purpose variety of poultry. The method of preventing crossing is as follows:

One year, roosters of the egg-laying breed are retained and used for breeding, no other males being kept. The

First Prize White Rock Cockerel.

Following year roosters of only the general-purpose stock are kept. The difference in the color of eggs of the two breeds selected is so great that hatching eggs have always been selected with a certainty as to the breed laying them. The plan necessitates introducing new males, but the advantages of keeping the blood lines of two breeds separate outweigh the slight cost of purchasing the males. The department of agriculture points out that when this method is followed on two neighboring farms an exchange of roosters might readily be arranged.

REMODELING POULTRY HOUSE

Many Stuffy Old Structures Can Be Rebuilt With Little Trouble—Cost Is Small.

Many farms have old style, closed-up poultry houses with poor light and ventilation; also old sheds and other buildings of little use for other purposes that can be remodeled or built over with little difficulty into satisfactory poultry houses, according to the United States department of agriculture.

A building of that kind usually can be made over for less than one-half the cost of constructing a new one, and if the work is well done should give just as good results. Furthermore, the work performed in remodeling the building serves as a good poultry club demonstration in poultry house construction.

KEEP ALL PROFITABLE HENS

Close Attention and Study Must Be Given to Each Individual Fowl—Some Are Layers.

Keep all hens as long as they are profitable. This calls for close attention and the study of each individual hen, but it is work that pays. The man who turns off every hen that reaches the age of two years is pretty sure to sacrifice some of his best layers.

Clean, dry litter, clean water pans and mash hoppers are essential to the health of good layers.

All air that is admitted for ventilation should be so handled that it will not blow on the fowls, especially when they are on the roost at night.

One of the best ways to furnish green food is to hang a cabbage head just high enough so that the fowls will have to jump for it.

A warm, comfortable henhouse will do much to secure a good egg yield, for fowls that are not comfortable cannot lay well.

There is not much danger that poultry, especially fowls, will become too fat, if compelled to exercise by scratching for the grain part of their ration.

It is necessary to provide the hen with some means for exercising in other ways, as they have no tendency to exercise naturally, as they do in some hunting for bugs and worms, etc.

Riches of the fowls.
The trace of the hen, which the fowls despised, was changed on a massive plate of gold of enormous dimensions, thickly powdered with pearls and precious stones. An alloy of the metal, the hen's egg, a 20, was a vast plate of silver.

ELLENVILLE.

Ellenville, July 16.—The wedding of William L. Douglas, of the Rose & Douglas Company, and Miss Mary W. Hartwig will be solemnized at the home of the bride Saturday at 6:30 o'clock.

At a special meeting of the board of directors of the First National Bank, C. H. Sholey was elected vice president to succeed the late George Deyo, and H. Westlake Coons elected a director in place of Mr. Deyo. R. Eugene Clark was named as a member of the examining committee.

Plans are under way for the organization of a community club at Yankee Lake. A committee has already been formed and the Smiths dining hall at that place rented for a community center.

Huckleberries are ripe and a good crop but none in the local markets, as the price, 35 cents per quart, is a little high to find ready market.

Mrs. Vanderwerde of Paterson is the guest of her niece, Mrs. W. S. Vaines, and family, at the Reformed Church manse.

Harold Hoornbeek and family of Johnson City are guests of his parents, Mr. and Mrs. W. L. Hoornbeek, on Hickory street.

Mrs. I. R. Benedict of Ridgefield Park has been spending the week in Ellenville.

Mrs. Harrington and son of Albany are visiting her brother and wife, Mr. and Mrs. B. N. Schweinfest, on Warren street.

Mr. and Mrs. E. B. Kimble are at Ulster Lake this week.

E. C. Hoemer and family are in camp at Ulster Heights for a vacation trip.

Mrs. J. H. Terry of Port Jervis is a guest of the McNallys on Canal street.

Mr. and Mrs. Frank Ter Bush and two children of Irvington, N. J., have arrived to spend their vacation with relatives.

Walter Kuhlman is spending a two weeks' vacation at his home on Berme road.

Floyd Kelb has taken a position as clerk in the Ellenville post office.

The town highway officials are building a wooden bridge a hundred feet long at the foot of Stanble Hill, Lackawack. There will be more than a thousand bolts used in its construction. Two men were swimming in the stream on Monday when one got out of his depth and control and would have drowned but for the timely thought and action of Wesley Robinson at

work on the bridge who swam out and rescued the man and brought him safely to shore.

Mr. and Mrs. Raymond Kirby and little son visited William Kirby at Waller Valley the past week.

Mr. and Mrs. J. E. Harris and two children of Niagara Falls have been visiting Mrs. Harris's sister, Mrs. John Schupp on Tutbill Lane.

Warren Hartwig of New York is spending his vacation with his parents, Mr. and Mrs. O. H. Hartwig, on Canal street.

Mrs. O. R. Van Aken and children are at Horace Divine's at South Hill for a few week's vacation.

Mr. and Mrs. Clark Bunting and Miss May Pecker of Utica, are guests of Mrs. Bunting's parents, Mr. and Mrs. C. R. Bunting on Maple avenue.

Miss Mildred Eaton is the guest of Miss Beth Smiley at Minnewaska. Frank Wood has sold his house and lot on Cape avenue to New York parties. The new owner has a desirable property.

Lawyer Raymond G. Cox and Mrs. Cox have been spending a week at Mt. Mongola House.

Mr. and Mrs. Hubert Smith of Potsdam formerly of Napanoch have been visiting Mr. and Mrs. George Zweifel. Mrs. Smith's parents, on Canal street.

Mr. and Mrs. L. A. Hoornbeek have returned from a motor trip to Newport, Providence and other Eastern points.

Miss Julia Law of Liberty is visiting her brother and wife, Mr. and Mrs. Byron G. Law.

Mrs. William Dutcher has gone to Buffalo to visit her daughter, Mrs. Franklin Gooden, and family.

Dublin's Rail Strike.
By Telegraph to The Freeman.

Dublin, July 16.—The local mayor intervened in the rail strike in order to effect a settlement. The strike, which was precipitated by the refusal of the men to handle munitions, is assuming larger proportions daily and a general stoppage of traffic is threatened.

Strike In Coal Mines.
By Telegraph to The Freeman.

Wilkes-Barre, Pa., July 16.—Six thousand employees of the Pennsylvania Coal Company went on strike today because the company has refused to end the contractor system. The matter will be placed before the anthracite commission at Scranton.

Strike On Mexican Railway.
By Telegraph to The Freeman.

Vera Cruz, July 16.—A strike, effective Saturday morning, has been called on the Mexican railway.

SEN. GILBERT M. HITCHCOCK

Senator Gilbert M. Hitchcock of Nebraska whose name was placed in nomination for the Democratic presidential choice, looks as the real "dark horse" at San Francisco. The Nebraska senator is looked upon as an ideal successor of Woodrow Wilson. His fight for the League of Nations and his stand for the Wilson policies have won for him the backing of the administration. It is said.

Verzanti's Discovery of America.
A French writer is circulating a pamphlet showing that most of the Atlantic coast of the United States was discovered by the French explorer Verzanti in 1524, and that it is the French who should be credited with the discovery of the United States.

Surgeon's Knife Not Needed.
One of the greatest advances in modern surgery is the method of removing foreign bodies from the lungs, called a bronchoscopy without any cutting whatever.

that will favor him with a call.

Sold—for Nothing

Yes, we sell talking machines
and we sell records, but we also
sell something else, free of charge.

We sell you, for nothing, a
spirit of curiosity, an intelligent
understanding of the records and
instruments, a willingness to take
the trouble to please you, that is
mighty well worth having.

We're never satisfied until you
are—that's why our patrons are
always satisfied.

Talking Machines, 25¢ up.

That Was News In Twilight League
Game: Thursday—Miles of Elm
A. C. Although but Three Hits—P.
& D. Play U. & D. Tonight At
McVey's Field.

Miles, hurling for the Elm A. C.
in the Twilight League game at
McVey's Field Thursday evening, al-
lowed the Y. M. C. A. but three
hits, holding them down to one run,
while his team mates pounded out
a two run tally and the victory. The
game was one of the fastest of the
season, and was witnessed by a big
crowd of fans.
This evening the P. & D. play the
U. & D. at McVey's Field, and an-
other fast game is expected.
The score for Thursday

Elms.	A	B	R	H	P	O	E.
McCaumand, rf.	2	0	1	0	0	0	0
Baker, 2b.	3	1	2	1	4	0	0

Elms	4	4	.500
T. & D.	1	5	.167
Co. M.	1	7	.125

Inventions of Women.
Comparatively few inventions have
been made by women, but the follow-
ing are recorded in the United States
patent office: Cook stove, sheet iron
shovel, ice cream freezer, addition,
fountain pen, spring machine, toilet
er, pocket book, spring seat for fer-
ture or cars, button, dress pattern,
dust pan, portable oven, vegetable
masher, attachment for heating net-
ties and boilers by gas.

Three-Part Memorandum Pad.
Small sheets, bearing old or worth-
less notes, can be removed from a new
type of memorandum pad, designed
for business men's desks, without dam-
aging these still possessing value, ac-
cording to an article in Popular Me-
chanics Magazine. The Clock of paper
is divided into three parts by trans-
verse cuts and perforated near the
left-hand side.

Observatories.
The northern hemisphere has more
than 200 public astronomical obser-
vatories to less than 20 in the southern.

Mrs. Anna Z. Waraday, who, it is
believed, was the woman whose body
was found in Button Bush swamp,
near New Canaan, Conn., on April
30, 1919. Mrs. Veronica Miller, of
New York city, mother of Mrs. War-
aday, has identified it as said. Two
mother of pearl buckles found on the
body and has gone to New Canaan to
complete the identification if possible.
The body is to be exhumed. Mrs.
Waraday disappeared from her home
in 1916.
